TAR SANDS WOULD PAY COST OF WAR

Deposits of tar sands in Saskatchewan and Alberta would, if properly developed, pay the whole cost of the war, according to E. E. Parley, member of the House of Commons, Ottawa. "A formula has been discovered for extracting or refining gasoline from tar sands, which would make the project quite feasible," Parley said. "Gas could be produced and de-

livered for 9 cents a gallon."

From 10,000 to 50,000 square miles of tar sands exist in Fort McMurray and waterways sections of Alberta. Estimated to be worth about 72 billion dollars for gasoline, they are at present used for road construction and as a source of pure bitumen for floorings, foundations and insulating purposes.

ROCKYFORD

— By K. M. G. —

(Held over from last week)

The congregation of the United Church met at the church on Wednesday evening in a get-together before the departure of their minister Rev. O. H. Rolis, who takes over his new field at Turner Valley the first of the year. A short program and community singing was given in the body of the church and also words of appreciation and goodbye from the heads of all departments of the church. Mrs. G. Pomroy who spoke for the Ladies Aid Society presented to Rev. and Mrs. Rolis a gift of \$10 from her organization. To all these the departing couple replied in a very charming manner. All were then invited to the dining room in the basement where tables were spread for a jolly lunch. The Rockyford-Rosebush preaching circuit will be vacant until another minister can be procured.

We are glad to see Wm. Inverarity out again after his recent illness. He was sent home from Newfoundland a while ago on sick leave.

R. O. Holmes is still suffering with his hand which was hurt several weeks ago while cleaning out his well. He is still under the doctor's care.

A very enjoyable Christmas tree concert was held at the United Church on Friday, Dec. 19th, when pupils of several schools took part in a very suitable Christmas program given to a crowded audience. All children were invited to meet Santa Claus at the close of the entertainment, who handed out Christmas treats to them.

Friends and neighbors of Mr. and Mrs. Rudi Sr. are pleased to know they are recovering now from their recent illnesses and operation. Mr. Rudi is seen on the boardwalk almost every day and it looks like old times. They are staying at present with their daughter, Mrs. Ivo Relish.

The annual meeting of the Ladies Aid Society was conducted a few days ago, when reports for the season's work was given and showed good returns — more than \$600 — had been earned, and many good works have been kept up. Rev. Rolis took the chair for the election of officers. Mrs. Ray Bragg was elected President, with four vice presidents: Mrs. Paula, Mrs. L. W. Roppel, Mrs. McLaughan and Mrs. Piggins. The secretary, Mrs. G. Pomroy and Treas. Mrs. Roberts were returned to office. The committees for the different departments have not all been appointed yet. The first meeting of the new year will be held on the second Thursday of January.

The children of St. Rita's Church put on a splendid Christmas concert in the hall on Sunday, Dec. 31, when a very large crowd was in attendance.

THE STANDARD WISHES EVERYONE A BRIGHT

NEW YEAR WITH VICTORY FOR OUR ALLIES STRONGLY ENTRENCHED AT THE CLOSE OF 1942.

NAMAKA

By M. W.

Silver Anniversary Celebrated

Friday evening, December 19th a large number of friends in the community and from Strathmore, gathered in the community hall to celebrate a very special event, the Silver Anniversary of the double wedding of Mr. and Mrs. Otto Wheeler and Mr. and Mrs. James McBean. The evening was spent in friendly chatter and dancing to Downie's orchestra. Supper was served at 12 o'clock. The honored guests, their relatives and the speakers were seated at a table centred with two beautifully decorated wedding cakes. The rest of the gathering were seated around the hall, and were served with a piece of wedding cake. After supper Mr. Wheeler introduced the speakers of the evening, Mr. Campbell, Chairman of the Wheatland School Board and Mr. Spence Hughes. Both expressed their pleasure in being present. Mr. Hughes presented each couple with a case of silver, the combined gifts of relatives and the community. Mr. Wheeler and Mr. McBean expressed their thanks in a few well chosen words. Another hour or more spent in dancing, and singing "For They are Jolly Good Fellows" and wishes for many more years of happiness, brought a very pleasant evening to a close.

Mr. Jean Thomas, arrived from Vancouver, Idaho and will remain here a few weeks.

Louis Posa and God's Luck and got off the train Saturday morning from Edmonton on Christmas leave and were taken home to Standard by Bill Fawkes.

Wednesday, December 31—

Mr. and Mrs. Jack McBean and Ka'serie of New Dayton motored up to spend a Christmas holiday with Mrs. H. E. Johnson and other relatives.

Mr. Ike Fawkes who recently joined the Veterans Home Guards has been transferred to Nussim, B. C.

Mr. Ernest Wilson who has joined the Veterans Home Guards leaves for Calgary the 29th.

Miss Margaret Thomson of High River is home for the Christmas holidays. Miss Isabelle and Ida were down from Calgary for Christmas.

Mr. and Mrs. Robt. Anderson and Arthur, also Miss Ruth Atkins spent Christmas Day in Strathmore, the guests of Mr. and Mrs. Geo. Anderson. Mr. and Mrs. Loy Wheeler motored to Tompkins, Sask., to spend Christmas with Mrs. Wheeler's parents returning Saturday 27th.

Jack Fawkes, Norman Ellis and Leonard Wathen are expected home for New Years.

LAD DIES HERO

Little Billy Tonack who last year played on the Strathmore Streets with other children, died in the icy waters of the Elbow River, Calgary about three weeks ago.

Other children were playing on the ice, and one little 2-3 year old fellow, fell in the river. Billy jumped in to try to save his little playmate but the ice and the cold were too much for them to overcome—and both were drowned.

The sympathy of everyone goes out to the sorrowing mother Mrs. Tonack, (nee Kelly Wilkinson) and little brother. The father is with the army in England.

INTRODUCED IMPROVED BREAD

The Dominion government has set standards for four certified wheat products which retain a high percentage of vitamin B1; Canada-approved white flour, Canada-approved flour, Canada-approved white bread, and Canada-approved bread.

A conference of millers and bakers is to be held in Ottawa for the purpose of discussing plans for organizing production on a community basis. Sale of the products will start about February 1st, 1942.

The "Canada-approved" white flour and white bread will be much the same as the present white products in appearance, while "Canada-approved" flour and bread will look much the same as brown bread or wholewheat bread, but both new types of flour and bread will contain the vitamin B1.

WARTIME PRICES AND TRADE BOARD

Regional offices of the Wartime Prices and Trade Board have been opened in the Togo Building, Edmonton by Walter S. Campbell, Prices and Supply representative for Alberta. Information relative to the operation of price control in the province will be given and received there.

"Our aim," says Mr. Campbell "is not to make trouble for anyone, but to help traders and consumers alike to make this necessary wartime system of price control a success, and thus avert the disasters which would follow runaway inflation."

How price control works is shown by the voluntary agreement reached by manufacturers, wholesalers and retailers in the shoe trade.

Cost of shoes has risen 15 per cent above prices in the base period be-

WORLD'S WEEK

BY HAROLD L. VETTER

Associate Editor and Daily Columnist of the Edmonton Bulletin

Josef Stalin and his associates conduct the tightest mouthed government on earth. Despite valuable assistance afforded Russia by Great Britain and the United States, and the pledge of vastly greater assistance, the Russians have insisted on playing their cards so close to the table that their allies have never gained a clear idea as to how much strength Russia still possesses or Russia's military plans.

The disadvantages to the anti-Axis cause of Russian secretiveness have been discussed in an earlier article. The purpose of this review is to point out a very great benefit to the anti-Axis cause arising out of Russian secretiveness.

It has just come to the attention of the writer that the reason the Russians late in November were able to drive the Germans out of Rostov—gateway to the Soviet oil fields, the principal military objective of the war in the east—was the sudden entry into the battle of 20 Russian divisions (300,000 men) of whose existence the German had been utterly unaware.

The Germans pride themselves on their military intelligence and certainly it appears to have been far superior to the intelligence services of their enemies to date. But when the German armies, which had exhausted their last ounce of strength to penetrate Rostov, suddenly encountered a host of fresh Soviet troops apparently hailing from Siberia, of whose existence they had utterly no information, even the lust for oil was not sufficient to keep them fighting. The German high command on November 29 grudgingly admitted "a partial withdrawal" from Rostov whose conquest it had so obstinately prosecuted since November 22.

The debacle which set in at Rostov in the south presently became manifest on the Moscow and Leningrad

fronts Sept. 15 and October 11. Now was it to be "squeezed" back. The wholesalers agreed to bear four per cent, the retailers another four per cent and the tanners and primary producers the remaining seven per cent.

Now if little Willie or Willie's father and mother, sisters and brothers, want new shoes, they can get them at the old prices in force between Sept. 15 and October 11 last.

A monster rally of women, backed by eighteen national organizations, is to be staged in Edmonton in mid-January. Eminent speakers will tell how the women of Canada can support the war effort and avert any post-war collapse, by supporting the price ceiling policies of the Wartime Prices and Trade Board. A standing advisory committee of women will be selected to co-operate with the local Prices and Supply representative.

fronts. Reserves of men and material of which the Germans were unaware made their appearance in those sectors, too. The Germans, who had expected to winter in captured Russian cities and were not adequately equipped in clothing or munitions to cope with the extreme Russian cold, turned tail and retreated in a manner which discredits the myth of German military invincibility and infallibility.

Revel articles in the German press this week confirmed Hitler's admission some weeks ago that Russia proved to be far stronger militarily and economically than Germany had anticipated.

The Russians thus may retort to critics of their secretiveness that had they disclosed the full strength of their reserves to their allies their enemy might also have become apprised and Russia thus would not have been able to deal such smashing blows to the Axis.

Russia also can say to those who criticized its unwillingness to accept British military assistance in the defense of the Caucasian oil wells that it had all the troops it needed in that sector—as the German rout at Rostov demonstrated.

Nevertheless, this is a global war and to wage it effectively the Axis foes must cooperate more intimately than ever. They must coordinate their resources and their plans. That is the object of the discussions which have been going on between the United States, Great Britain and Russia in Washington, London and Moscow.

From the statement of Soviet ambassador Litvinov and from information in London and Washington it is apparent that for the present at least, Russia does not expect to launch an attack upon Japan. It is going to concentrate on the task of punishing Germany as severely as possible.

Russia has excellent reasons for such a course though one could wish that Mr. Litvinov had not chosen to give Japan such a clear indication that if it behaves itself it has nothing to fear from its northern neighbor. There would have been some advantage in keeping Japan in doubt about its position in Manchukuo and the menace of Russian airplanes to its paper houses and Russian submarines to its shipping.

The Strathmore Standard invites its readers to listen to The Saturday Night Review which is broadcast by Harold L. Vetter every Saturday night at 8:15 over CFRN.

"I said to a man who stood at the gate of the year, 'Give me a light that I may tread safely into' the unknown, and he replied, 'Go out into the darkness and put your hand into the hand of God. That shall be to you better than light and safer than the known way.'"

"So I went forth and finding the hand of God trod gladly into the night. And He led me toward the hills and the breaking of the day in the lone east."

—Quoted by King George in his Christmas broadcast in 1939.

1942

We are again on the threshold of a New Year. Usually one gladly welcomes a new year with its opportunities for renewed effort, increased progress and the hope and endeavor to achieve something of tangible improvement.

With the advent of 1942 one realizes that there lies ahead such gigantic and momentous tasks, that it is no longer possible to live the simple life of peaceful contentment, but each one must put his hand to the plough with grim fortitude to bring about the victory that we must gain, to overcome the forces of tyranny and establish in the world, the New Order in which mankind shall live the fuller life for which he was created.

As Prime Minister Churchill said

"There are grim days and disappointments yet to be faced, but with the full co-operation of the Allies we shall overcome." The establishing of liberty is the goal for which we strive. It must be won, — hence 1942 brings heavy tasks to be faced.

KEEP SMILING

New Year's Resolutions—

MOTTOES and slogans—and there are countless numbers of them—have their place, we suppose, but in our opinion, they have a very minor place in the thinking apparatus of the average man. The trouble with ready-wrapped result-getters is that people who need them possibly get very little good from them.

It's the same with New Year's resolutions. Those who find it necessary to make solemn year-end declarations that they will stop doing a dozen things they have been doing and start doing a dozen or more finer things are the very people who should eschew the personal attempts to change their make-up. They invariably come to realize that mere resolutions are of very little help and they might as well take comfort in Popeye's philosophy— "I yam what I yam."

The sensible chap who applies himself to the task of self-improvement, knows very well that he isn't going to whip himself into frenzy of activity by yelling a slogan into his own

ear. He knows that self improvement is a slow, painful, day-after-day process—for which there is no magic formula. He knows he must read and ponder and finally understand. He knows that he will deserve success only by applying himself to the task in hand and making every day count. And he won't sit around and wait for encouragement from a fine-sounding slogan. —C.W.N.A. Bulletin.

CHEADLE

by L. McI.

(Held over from last week)

A very pleasant little concert was held in Cheadle on Friday night. Each mother undertook to train their own children and the result was very entertaining. With recitation and song together and individually each small boy and girl did their little bit. What they lacked in finish they made up in sweetness and charm and all who attended enjoyed their performance very much.

Santa Claus made two early visits to homes of former Cheadleites and left behind a baby boy in each. We take this opportunity to congratulate the proud parents, Mr and Mrs C. D. MacRae (formerly Ruth Kirton) of Victoria and Mr and Mrs Geo. Watson of Calgary.

Mrs Cranmer is expected home this week from an extended visit with relatives in Montreal, Ottawa and Toronto.

Harry Kirton has entered the R. C. A. F. in Vancouver. He expects to train as a pilot.

Raymond Torgimson is expected

NIGHTINGALE

By M. H.

(Held over from last week)

Mrs McDonald of Regina, Sask., is enjoying her Christmas holiday visiting with her sister Mrs A. A. Farr.

Mr and Mrs Wm. Otto received word last week that their grandson Garth Otto of Illinois who is in the U. S. Navy came safely through the bombardment at Pearl Harbor.

Christmas concerts and the dance at the hall on December 23, were the main topic of discussion among the younger generation.

Mr and Mrs Eddie Risdon of Calgary will spend the Christmas holiday with Mrs Risdon's parents Mr and Mrs Stoodley.

Mr and Mrs Leonard Edgar will spend their Christmas at Calgary

with Mrs Edgar's parents.

Mr and Mrs Trimble and children will go to Drumheller for their Christmas with Mrs Trimble's parents.

Rosalie Slonaker from Wayne and Kathleen Harriman from Cluny will be home for the Christmas holidays. Doris Frederick and Elsie Larson who are attending school in Strathmore will also spend their holidays at home.

The annual meeting of the Nightingale Women's Institute was held at the Hall, December 19. Twenty-one members and two visitors were present. The roll call was "My favorite Christmas Carol." "Silent Night" was the most popular hymn. Mrs Trimble the secretary gave a very fine report for 1941. Twenty-two meetings were held with an average attendance of twenty. Donations were made to the community chest and all war organizations. Two quilts were made and donated to the Red Cross as well as a substantial sum of money that was raised. Parcels, letters and cigarettes were sent to the local boys overseas. A delegate was sent to Lethbridge conference. The local W. I. entertained the Gleichen constituency at the hall in June. Fifteen members went to Calgary to attend the Provincial Conference. The ladies sponsored a picnic held with a field day at the farm home of Mr and Mrs Stoodley. Twenty-two War savings Certificates were purchased by members during 1941. Ten dollars was donated to the hall for purchase of cups and spoons. Eighteen cans of jams were given to the Red Cross. Mrs Chas. Kimmitt read the Treasurer's report and after all varied ex-

penses a tidy sum remains on the right side of the ledger. The following officers were elected for 1942. President, Mrs B. Larson; 1st Vice, Mrs P. McLean; 2nd Vice, Mrs Albert Mercer; Sec., Mrs Trimble; Treas., Mrs Chas. Kimmitt. Directors, Mrs Farr, Ma Stoodley, and Mrs H. Hilton; Auditors, Mrs Joel and Mrs A. Kimmitt. Convenors and reporters will be chosen at the next meeting. In her closing address the retiring president, Mrs Thurston expressed her thanks to the members for the fine spirit of co-operation existing throughout the past two years. She hoped this same support would be given to the new president. She closed by quoting the aims of the Women's Institute. Mrs Walter Mercer proposed a hearty vote of thanks to Mrs Thurston, Mrs Trimble and Mrs Chas. Kimmitt whose leadership and labors helped make the Institute the success it is. All members showed their accord in the usual hearty manner. An exchange of Christmas gifts followed and the afternoon ended with a very special lunch. The next meeting will be with Mrs Walter Mercer on January 9th. Suggestions for roll call are wanted, and each member is asked to bring one.

LYALTA

— By K. N. —

(Held over from last week)

The Lyalta Club held their last meeting at the home of Mrs R. Novak. Christmas presents were exchanged. The next meeting will be at the home of Mrs B. Fortems.
